"One Way Love"

She's got so hard to talk to
Though he can't forget her name
She's some to hold on to
But he's not who's to blame

One way love - one way love
One way love - one way love
One way love - one way love
Getting so tired of - one way love

She wishes he was older
Then she wouldn't feel so bad
She knows she has to tell him
Even though it'll make him sad

One way love...

She knows she doesn't love him
And there's nothing he can do
She knows she has to tell him
She has to say they're through

One way love
