Hear your mother on the telephone  
Partying people happy people home  
Everywhere there's sceptic magazines  
Shooting different colour jelly beans

Anyday of the week - when Saturday comes  
Anyday of the week - she's almost gone

Hiding pictures of her takeaway  
Only laughing on a Saturday  
Tomorrow's Sunday - special radio  
Warning her the dangers long ago

Anyday of the week...

Such an independent girl  
Think you've got what it takes  
If you won't sit down next to me  
Girl that's my mistake

Teenage bop form a nervous holiday  
Attracting lips form a hidden stowaway  
Telegram go gos got to yesterday  
Shocking tears will never go away

Anyday of the week...
