I'll be there for you when the sky falls down
I'll be there for you when no one's around
I'll be there for you when there's no way out and you're
down
and you frown

I know life won't go your way
and you never know what to say
when you have nothing left
I'll still love you more

I'll be there for you through your deepest fears
I'll be there for you 'till the smoke clears
I'll be there for you when you see no end and your
friends
are all gone

I know life won't go your way
and you never know what to say
when you have nothing left
I'll still love you more

You could turn your back or run a thousand miles away
I'll be waiting for you with nothing left to say but

I'll be there for you when nothing can go wrong
I'll be there for you when you sing a joyful song
I'll be there for you when your smile lights the room
and your gloom is all gone

I know life won't go your way
and you never know what to say
when you have nothing left
I'll still love you more
