"Peach Moon"

And I don't know why the moon played such a cruel
trick on the tide
They're at the heaven life, till the moon explodes
Till the sea dries up
And I don't know why
The moon played such a cruel trick on the bride
They're at the heaven life, till the moon explodes
Will the sea dry up?
Sun smudged, peach moon
Softer than an ice cream cone in june
I don't know why lightning strikes so perfectly at
Night, night, night, night
Night, night, night, night
(Yeah) All my life, I've been waiting for
A sign to say move on
And tonight, all the salt that's in the air feels right
Right, right, right, right, right
Right, right, right, right (ba ba)
Moon, moon, with your skin so rough
Makes you look so tough
Deflect an asteroid for us
Poor moon, no one looks up to you
Your (streak?) is through, you're a blind spot like the
Sun smudged, peach moon
Softer than an ice cream cone in June
And I don't know why thunder purrs so strikingly at
night
