come in come in into my life
come in come in stay awhile
come in come in door's open wide
come in come in you got time
what you what you want you know i got it
and what you what you got oh god i need it
and what you what you need i'm gonna be it
would you would you bring it i can take it
won't you won't you show me what you're made of
what you what you what you so afraid of
can't you see how perfectly
we were meant to be you and me
and i don't mind if it takes time
i know eventually you'll be mine
with persistence you will be convinced
what you what you want you know i got it
and what you what you got oh god i need it
and what you what you need i'm gonna give it to you
can't you see how perfectly
we were meant to be you and me
and i don't mind if it takes time
i know eventually you'll be mine
memories of harmonies
a date-night sweater on saturdays
honest words that make you sneeze
and what you want i got it
what you want you want
and what you what you need
is what i'm gonna be if you'll let me
everything you want
and everything you need
is what i'm gonna be just wait and see
