Ah ah ah ah...

Just like in the movies
Let's pretend we fall in love
Make believe we're lovers
With a paper moon above
We swam the south Pacific
Built a bridge on River Kwai
Around the world I follow you
We love
We part
We cry

Just like in the movies
We can make up with a kiss
I confess I like it
When I hold you close like this
Here's the crazy happy ending
Baby I was not pretending
Just like in the movies
I love you

Ah ah ah ah ah ah...

Here's the crazy happy ending
Baby baby I was not pretending
Just like in the movies
I
Love
You

Ooh ooh ooh...
