

## The Uplifters "Times Of War"

Visit "[Times Of War](#)" on MotoLyrics.com

When we were young we used to play those games of  
war

But now were grown and we can't afford to hurt no  
more

Put down you guns, put down your bombs  
Come on and cry, you got to cry  
Cry for Peace in times of war

Come on and cry, you got to cry  
Cry for Peace in times of war

We used to fuss we used to fight  
Sometimes we would scratch and bite  
But one day we might go to far and leave a scar  
Put down your guns, put down your bombs  
Come on and cry, you got to cry  
Cry for Peace in times of war

Come on and cry, you got to cry  
Cry for Peace in times of war

One heart, one people, peace and love for all mankind  
One heart, one people, peace and love for all mankind  
One heart, one people, peace and love for all mankind  
One heart, one people, peace and love for all mankind

Come on and cry, you got to cry  
Cry for Peace in times of war  
Come on and cry, you got to cry  
Cry for Peace in times of war  
Come on and try, you got to try  
Cry for Peace in times of war  
Come on and cry, you got to cry  
Cry for Peace in times of war

One heart, one people, peace and love for all mankind  
One heart, one people, peace and love for all mankind
