I met her under a shelter  
We were hiding from the rain (ahh-ahh-ahh-ahh)  
She was blowing bubbles  
And I'll never feel the same (ahh-ahh-ahh-ahh)  
Pain, pain, pain, pain, pain, pain  
I'll miss you in a minute  
If you'll only feel the same  
Oh...

Now it's all black and white for me baby  
It's all black and white for me now  
It's all black and white for me baby  
It's all black and white for me now  
Yeah

She held an orange bottle  
And she drunk it with a straw (ahh-ahh-ahh-ahh)  
I watched her glide around  
Around the people on the floor (ahh-ahh-ahh-ahh)  
Pain, pain, pain, pain, pain, pain  
I'll kiss you in a minute  
If you'll only feel the same  
Oh...

Now it's all black and white for me baby  
It's all black and white for me now  
It's all black and white for me baby  
It's all black and white for me now  
Oh... oh... oh... ooooh...  
Yeah

She threw a dart right through my shirt to my heart  
Then came back later I had all but fallen apart  
(ahh-ahh-ahh-ahh)  
Pain, pain, pain, pain, pain, pain  
Will she ever feel the same  
Oh...

Now it's all black and white for me baby  
It's all black and white for me now  
It's all black and white for me baby  
It's all black and white for me now

Oh... oh... oh... ooooh... ooooh...

Now it's all black and white for me baby  
It's all black and white for me now  
It's all black and white for me baby  
It's all black and white for me now
