"Up In Smoke"

Just the other night talking on the news
Mixing chemicals in an old test tube
And in her interview she said
I will find the cure but it's time for bed

And you do it, I do it, we do it
You want them, yeah we want them only for ourselves,
Aah

But when her test tube broke
It all went up in smoke

Mixing chemicals and chemicals
Mixing chemicals
Oh

Take me to a place where the coats are white
In the surgery will be up all night
And in the doctor's waiting room
I will take your hand and we'll sing this tune

And you do it, I do it, we do it
You want them, yeah we want them only for ourselves,
Aah

But when her test tube broke
It all went up in smoke

Mixing chemicals and chemicals
Mixing chemicals
Oh

But when her test tube broke
It all went up in smoke
If you could ask you would
But it would do no good

Mixing chemicals and chemicals
Mixing chemicals and chemicals
Mixing chemicals and chemicals
Mixing chemicals
Oh, oh
