This is the nite, the night for love  
With the stars up above  
This is the nite for love  
(This is the nite)

This is the nite for love  
One we'll remember  
With the stars up above  
Woah, this is the nite for love  
(This is the nite)

Woah, I'm gonna love you with all my heart  
Just for? dear, that we'll never part  
You're the girl I'm thinking of  
For this is the nite for love

The nite for love  
Come on, be mine, woah  
In this nite made for love  
(This is the nite)

Woah, I'm gonna love ya dear  
With all of my heart  
I'm just hoping, we'll never part

I love you, please be mine  
For this is the nite for love  
The nite for love

Hmmm, come on, be mine  
This is the nite for love  
(This is the nite)
