Sometimes the sun shines in
And I close the blind
'Cause I can't stand to see the light of day

I have no use for pain
But I don't mind the rain
'Cause I can stare outside and hear the sound
Sound

Today I looked right down
Right down to the ground
With nothing in between to break my fall

I'm blue for you, I'm blue for you
I don't know what to do

Gotta form a plan of attack
But cannot stop to look back, I know
You are so far from here

Gotta be strong in my mind
Not encroach on your time, I know that
That would be wrong for sure

I must get out and about
Of that I have no doubt
There surely must be new places to go

The sights I've never seen
Roll with pastures green
'Cause the old ones are making me blue for you
You

'Cause I'm, I'm blue for you, I'm blue for you
I don't know what to do
'Cause I'm, I'm blue for you, I'm blue for you
I don't know what to do

Gotta form a plan of attack
I climb back on the track I know
Bid my devil friend goodbye

I hope I'm still in the race
But I don't know what to chase, oh no
And you're still so far from here

The sun, it still shines in
And I shall close the blind
'Cause I know I won't see you anymore
See you anymore

And I'm, I'm blue for you, I'm blue for you
I don't know what to do
And I'm, I'm blue for you, I'm blue for you
I don't know what to do
Don't know what to do

I don't know
I could take a big jump, oh
