Your eyes may be whole
But the story I'm told
Is your heart is as black is night

Your lips might be sweet
Such that I can't compete
But your heart is as black as night

I don't know why you came along at such a perfect time
But if I let you hang around I'm bound to lose my mind

'Cause your hands may be strong
But the feeling's all wrong
Your heart is as black as night

I don't know why you came along at such a perfect time
But if I let you hang around I'm bound to lose my mind

'Cause your hands may be strong
But the feeling's all wrong
Your heart is as black
Your heart is as black
Oh, Your heart is as black as night
