It's just a chemical reaction...

Another chemical reaction,
I'm paranoid at the sound
Of my heart beating faster,
I can't believe you came around...
Just to hesitate

And I'd die a thousand deaths, if you could
Feel alive

So suffocate me now,
Cause I'm bleeding for you always
So suffocate me now,
Cause breathing
Never changed a thing.

Just a chemical reaction,
If you know just what I'm going to say,
Then what the hell are you searching after?
Why did you ever come my way?

So suffocate me now,
Cause I'm bleeding for you always
So suffocate me now,
Cause breathing
Never changed a thing...

I'd die a thousand deaths if you could feel alive,
I bleed tonight and I'm bleeding everytime,
I need you to stay
And wait with me

I'd die a thousand deaths if you could feel alive,
I bleed tonight and I'm bleeding everytime,
I need you to stay...
And I need you to stay.

So please suffocate me now,
Cause im bleeding for you always

So suffocate me now, [It's just a chemical reaction]

Cause im breathing,
[It's just a chemical reaction]
You can suffocate me now,
[It's just a chemical reation]
Cause im bleeding for you always,
[It's just a chemical reaction]
So suffocate me now,
[It's just a chemical reaction]
Cause breathing never
Changed a thing.
