I watched you go down
On a westbound train
I heard the wind blow
And it whispered your name
I envy the moon
'Cause it still sees you
So I'll lie here and burn
'Till you return to me

[Chorus x2]
Oh stay, waste another day
And let this world just pass us by
Just pass us by

It's been three whole days
Since you last spoke to me
And the promise we made
Will it slip away
So I lie on the floor
Waiting for sleep
So break all your plans
And make them with me

[Chorus x3]
