Woah... [3x]

I need this,  
Like I need to face this kiss,  
I'm cursin' that I wanna miss

Is the feelin that gettin,  
And I know that I'll regret it,

When I wait to find,  
I'm tangled and waste their time.  
Lying here for 3 whole days,  
Nothing's changed.

Waited too long just to be somewhere

[Chorus]  
So I fade away,  
Into another yesterday,  
Addicted to a pack of lies,  
This is the longest goodbye.

Try and keep it,  
My little secret,  
Locked in a room.

I hate it, but I need it,  
And I'm startin to believe in

My own lies,  
Singing like lullabies,  
Is that we get it all and end it  
Maybe we can stop pretending  
That it's all OK

[Chorus 2x]  
So I fade away,  
Into another yesterday,  
Addicted to another lie,  
This is the longest goodbye...

[4x]

But wait a moment  
Cause that's all we got.  
(Cause that's all we got!)

So I fade away,  
Into another yesterday.  
Addicted to another lie...

Fade away,  
Into another yesterday,  
Addicted to another lie  
This is the longest...

[In background:  
(I hate it but I need it and I'm startin to believe it)]

So fade away,  
Into another yesterday,  
Addicted to another lie,  
This is the longest goodbye.
