So do you wanna get down! ?

So you think you'll make it better on your own?
Sorry that I wasn't good enough
Wasted and falling for the years
Maybe this was just too planned
In the separation I'll just laugh to know it's gone

This is the end, of the walls we've built tonight
Of the dreams we set on fire
And I, won't dance around this broken glass for you
anymore, for you anymore, for you anymore

That girl was a pistol, as a bullet shattered my chest,
Right through the heart, of everything I used to know
As these street lights change tonight, the city falters,
silent screams,
Outside our second floor apartment as we said our last
goodbyes

Tonight on the overpass I'm shaking, I can even feel
my hands
Do you understand me baby

So say say what you need to say right now
So say say what you need to say right now
This has gone on for way too long

This is the end, of the walls we've built tonight
Of the dreams we set on fire
And I, won't dance around this broken glass for you
anymore, for you anymore, for you anymore

Out on the day, I just flew in and I'm waiting for you
It's all you want, girl don't you know that you've been
breaking me instead.

Look back this tragic loss is sad,
I'll be fine yeah, I'll be fine yeah
Look back this tragic loss is sad,
I'll be fine yeah, I'll be fine yeah
(We are, we are, we are, we are)

(We are, we are, we are, we are)

This is the end, of the walls we've built tonight
Of the dreams we set on fire
And I, won't dance around this broken glass for you
anymore, for you anymore, for you anymore.

That girl was a pistol, as a bullet shattered my chest,
Right through the heart, of everything I used to know
As these street lights change tonight, the city falters,
silent screams,
Outside our second floor apartment as we said our last
goodbyes.
