(Ohh) (Yeah yeah)

Admit it, we're finished, you don't want me no more

(No)

Like a night mare, I lived it, it was too big to ignore

(Ooh)

I hear the sounds but they pass me by.

My hazard lights are flashing, somebody, anyone

Help cause it's an emergency.

Someone just wounded my heart.

So help, it's like a bad surgery and now it's time to  
recharge.

I'm starting over taking,

One, two, baby steps.

Three, four, baby steps.

Five, six, baby steps.

I'm starting over again.

Abandoned, yeah I'm crying.

It's like you left me so dead (So dead, so dead)

I'm so broken, my love's frozen.

How do you live with regrets (Oh woah)

I see the memories flash before my eyes.

My tank is running empty, somebody rescue me.

Help cause it's an emergency.

Someone just wounded my heart.

So help, it's like a bad surgery and now it's time to  
recharge.

I'm starting over taking,

One, two, baby steps.

Three, four, baby steps.

Five, six, baby steps.

I'm starting over taking,

One, two, baby steps.

Three, four, baby steps.

Five, six, baby steps.

I'm starting over again.

It's unexplainable, kind of unattainable when the  
person you love aint enough.

I feel so pitiful, look at my face you'll know the pain is in  
my eyes.  
I need some help.

(X2)

Help cause it's an emergency.  
Someone just wounded my heart.  
So help, it's like a bad surgery and now it's time to  
recharge.

I'm starting over taking,  
One, two, baby steps.  
Three, four, baby steps.  
Five, six, baby steps.  
I'm starting over taking,  
One, two, baby steps.  
Three, four, baby steps.  
Five, six, baby steps.  
I'm starting over again.
