Party people.

I've been thinking to myself,  
All these people need to gather clue of what they put  
you through,  
Making live each day in shame,  
So afraid you don't know what to do,  
All time till,  
my heart is breaking cause it's not right  
What's wrong, with one what .. alive.

Chorus:

When you feel you need some help,  
And you got nobody else,  
What's some .. kind afraid.  
When you feel I'm giving up,  
Look inside yourself and trust,  
That someone it's not someone's dream, it's better,  
It's better, it's better, it keeps better  
...not a dream.

All this blood it's all I have,  
Take instead, it's not the way to be,

Stop to .. me, now.

Put yourself in someone's shoes,  
Make it through and won't do this again,  
Let me kiss you  
It's time, together we can change it now,  
Let me.., together we can spread the love.

Chorus:

When you feel you need some help,  
And you got nobody else,  
What's some ..kind afraid.  
When you feel I'm giving up,  
Look inside yourself and trust,  
That someone it's not someone's dream, it's better,  
It's better, it's better, it keeps better,  
I know...not a dream.

When the day comes, everything will be better,  
My sun will fight a ...,  
And you wake up in the arms of love,  
And nothing will hurt you, no nothing will hurt you back.

[2 xChorus:]  
It's better, it keeps better  
Better, better, better.
