You say you should be my girl,  
That sounds good,  
But I got a girl that I can mess and be honest to,  
Ooh, I could never break her heart,  
I'd be a fool to be playing her,  
She's been with me from the start,

You and me, we act like bonnie & clyde,  
We go hard with it, and I know we're two of a kind,  
No one else could compare,  
Got me in deep six feet addicted to this feeling,  
In another time, another space, you could be my girl,

God this feelings so sweet,  
Sometimes it's never the right time, to fall,  
You could be so perfect for me,  
Sometimes it's never the right time, to fall,  
Sometimes it's never the right time,

To fall in love with you,  
Sometimes it's never the right time, to fall in love with  
me  
Sometimes it's never the right time, to fall in love with  
you,  
Sometimes it's never the right time, to fall in love with  
me,  
Eh,

Our chemistry is insane,  
I never found nothing like this before, baby,  
Your just like one of my boys,  
Keep getting hot, but I'm feeling you,  
Until I don't know what to do,  
You and me, we act like bonnie & clyde,  
We go hard with it, and I know we're two of a kind,  
No one else could compare,  
Got me in deep six feet addicted to this feeling,  
In another time, another space, you could be my girl,

God this feelings so sweet,  
Sometimes it's never the right time, to fall,

You could be so perfect for me,  
Sometimes it's never the right time, to fall,  
Sometimes it's never the right time,

To fall in love with you,  
Sometimes it's never the right time, to fall in love with  
me  
Sometimes it's never the right time, to fall in love with  
you,  
Sometimes it's never the right time, to fall in love with  
me,  
Eh,

I never saw it coming,  
It really hit me hard, girl  
But next time around, I'll be coming back for you,  
Who would believe that you've always been my dream  
girl,  
But next time around, I'll be coming back for you,

God this feelings so sweet,  
Sometimes it's never the right time, to fall,  
You could be so perfect for me,  
Sometimes it's never the right time, to fall,  
Sometimes it's never the right time,

To fall in love with you,  
Sometimes it's never the right time, to fall in love with  
me  
Sometimes it's never the right time, to fall in love with  
you,  
Sometimes it's never the right time, to fall in love with  
me
