When you were
When you were mine
When you were
When you were mine
When you were
When you were mine

Feeling me feeling me

(I had) everything I wanted
I was blind and I couldn't see
That it was a future there
Was still right in front of me

Now you're looking at him
The way that chu you use to look at me

Now I realize...

When you were mine
I should've told chu that you're beautiful
When you were mine
Should've never let chu feel invisible
When you were mine
Tryna to be a player but I dropped the ball

If I could rewind
Back to the time

When you were mine
Would've never ever let chu go
When you were mine
Would've been so good
But now we'll never know
It kills me inside
To know a story where we'll remain so...
How could I
Tell you goodbye
When you were mine

Ohhh Yeahhh

Whoo

What am I gonna do,
Gonna do?
Me and the phase
So out of place

Ohhh
(I had) everything I wanted
I was blind and I couldn't see
That it was a future there
That was still right in front of me

Tell me do you remember
How you always use to look at me?
Back when you...
Back when you were mine!

When you were mine
I should've told chu that you're beautiful
When you were mine
Should've never let chu feel invisible
When you were mine
Tryna to be a player but I dropped the ball

If I could rewind
Back to the time

When you were mine
Would've never ever let chu go
When you were mine
Would've been so good
But now we'll never know
It kills me inside
To know a story where we'll remain so...
How could I
Tell you goodbye(back when you were mine!)
When you were mine

I should've told chu that you're beautiful(that beautiful)
Should've never let chu feel invisible(not invisible)
When you were mine
Tryna be a player but I dropped the ball
If I could rewind
Back to the time

When you were mine
Back when you were
Back when you were
Back when you were

When you were mine!
Back when you were
Back when you were
Back when you were

It kills me inside
Back when you were
Back when you were
Back when you were

How could I
Tell you goodbye?
When you were mine...
