Hey, I was walkin' down the street
When his voice started followin' me
No I don't know all the things he said
He moved me in every way
With his car a runnin', by my side he was runnin'
Girls, he was really sayin' somethin', really sayin'
somethin'
(Bop bop soo-be-do-wa) all right now
(Bop bop soo-be-do-wa)

Girls, he flirted every step of the way
I could feel every word he'd say
My resistance was gettin' low
& my feelings started to show
My heart started pumpin', blood pressure jumpin'
Girls, he was really sayin' somethin', really sayin'
somethin'
(Bop bop soo-be-do-wa) all right now
(Bop bop soo-be-do-wa)

(Instrumental)

Hey, as he walked me to my door
I agreed to see him once more
Late night it may not be, no
But he moved me tremendously
Though he was bold, my heart he stole
Girls, he was really sayin' somethin', really sayin'
somethin'
(Bop bop soo-be-do-wa) all right now
(Bop bop soo-be-do-wa)

(Repeat & fade):
(He was really sayin' somethin')
