I am alone, I can feel
Nothing
Its cold, its dark
It falls apart

I hate everything about this place
Fuck this, I'm not gonna die here
I'd rather swallow razor blades, than be one of them
Oh God its fucking pathetic
You better stay away from me
Fuck this, I'm not gonna die here
You better stay away from me
Oh God its fucking pathetic

You drag me down, never gave me a chance
You pillaged me, diseasing my beliefs
You took away everything I'd become
You left behind my immortality

I hate everything about this place
Fuck this, I'm not gonna die here
I'd rather swallow razor blades, than be one of them
Oh God its fucking pathetic
You better stay away from me
Fuck this, I'm not gonna die here
You better stay away from me
Oh God its fucking pathetic

Feel no remorse to spit down on the world
'Cause I'm giving right back what's inflicted on me
I've had enough of the fucking deceit
All the lies are a cancer that eat me away

Say, what, you feel
I hate this thing
Loathe your own mind
Your life, your life
It's a lie, it's a lie

You are a snake to me
Watch you suffer as you bleed

You are a plague to me!
You are nothing
