Blood
Shame
Pain
This is the end of everything that I am
Blood
Shame
This is the end of everything that I am

Liar
You fucked me
Deny it
I dare you

I'm gonna hurt you, I'm gonna kill you
I'm gonna fuck you, pretty boy
Rip out your insides
Shove them down your throat
Beg for mercy, bitch
I'll keep you chasing, make life a nightmare
Destroy your friends, dick
I'll never give up, you're gonna fuck up
Stupid motherfucker

Shut the fuck up

Every time I try to say
Every time I try to speak
You were never really there
Ignorance has made you weak
You have told your final lie
I crave your blood upon my hands
I swear to God that one day soon
I'm gonna split your skull

I loathe every time I turn to you
I try to give a little shit right back

As I am falling
I feel empty and alone
I need some answers
To questions that are left untold

Liar
You fucked me
Deny it
I dare you
