Oh, she's gifted, she sucked the marrow from his
bones
But she got the worst of him.
Oh, born cryptic, each word casts subtleties aside
Till they're naked in the cold, alone.
The telephone rings endlessly,
And desperately she calls for him to come alone
Pick up the phone it's 4:23 in the morning,
Do you think she might just be drunk enough to care?

They came to his room just to suture the laceration
But the only lonely bone still broken stole their
concentration
They said: for learning the end he's aging elegantly,
endlessly ashamed.
She smiled her way through her timid introduction
And the way she made him wait would only aid in the
seduction,
She said: a kiss is a kiss despite the endless list of shit
you can't explain

And this is where we should have stayed, but how
could I have known?

And then she fucked me then she told me that she
loved me,
And so I told her to shut her stupid mouth
And then I came too quickly cause I believe in love
But babe if this is it I'd rather sleep alone.
You're only doing this because you're lonely,
Baby, you're only doing this because you're lonely.
But you don't deserve me.

She came to his home after cut communications
All alone the only soulless whore to wreak the
celebration.
She said: I couldn't care less about the way he cares
just take me where you can.
His chest would collapse beneath a wave of realization
And the way he laid awake would barely shake her
deep foundation
He said: a fuck is a fuck and you were in my house with

him,
Six years bitch, and you still play these fucking games?

And then you told me that you loved me,
And so I told her to shut her stupid mouth
And then I came too quickly cause I believe in love
But babe if this is it I'd rather sleep alone.
You're only doing this because you're lonely,
Baby, you're only doing this because you're lonely.

Oh, she's gifted she sucked the marrow from my
bones.
Oh, you should have seen her, unclothed and
unfulfilled alone.
She's begging, bring me to tears. Watch what you say!
Her fingernails across my back, tearing me apart.

And this is where we should have stayed. By now I
should have known

But then she fucked me then she told me that she
loved me,
And so I told her to shut her stupid mouth
And then I came too quickly cause I believe in love
But babe if this is it I'd rather sleep alone.
You're only doing this because you're lonely.

And then she fucked me then she told me that she
loved me,
And so I told her to shut her stupid mouth
And then I came too quickly cause I believe in love
But babe if this is it I'd rather sleep alone.
You're only doing this because you're lonely, because
you're lonely.

Cause I believe in love but babe if this is it I'd rather
sleep alone.
You're only doing this because you're such a fucking
bitch.
I swear that someday you'll see you don't deserve me

Listen close, bitch, keep your distance.
Leave me the fuck alone!
