Walk into the room
I look and I assume
That you look like all the other guys
I look into your eyes
You got me mesmerized
You're pulling me into your dreams
Eyes are so intense
From the lost suspense as if I haven't seen your face
before
Don't know why I feel you're just so so surreal
I can't get you outta my mind

Whoa whoa
I don't even know your name
Whoa whoa
But I still feel the same

How can I fall so hard for someone
Who only has a face no name
Never felt this way by anyone
I thought you guys were all the same
How can I fall so hard for someone
How was I supposed to know
Got his name I think about the wonder
Save my broken heart and soul

I've been hurt before
The future I foresaw
Thought about the way I felt again
Will it be the same?
Is it me who's changed?
No chance of compromise no

Is it hard to see
The future of you and me
Is it just a dream I'm thinking of
The future I foresaw
I've been hurt before
Then you walk into my life

Whoa whoa
I just wanna know his name

Whoa whoa
Cause I still feel the same

How can I fall so hard for someone
Who only has a face no name
Never felt this way by anyone
I thought you guys were all the same
How can I fall so hard for someone
How was I supposed to know
Got his name I think about the wonder
Save my broken heart and soul

Whoa whoa
I don't even know your name
Whoa whoa
Cause I still feel the same

How can I fall so hard for someone
Who only has a face no name
Never felt this way by anyone
I thought you guys were all the same
How can I fall so hard for someone
How was I supposed to know
Got his name I think about the wonder
Save my broken heart and soul

How can I fall so hard for someone
Who only has a face no name
Never felt this way by anyone
I thought you guys were all the same
How can I fall so hard for someone
How was I supposed to know
Got his name I think about the wonder
Save my broken heart and soul
