I saw it in the news, you told me they were wrong  
And I stood up for you 'cause I believed you were the one  
You had all the chances in the world to let me know the truth  
What the hell's wrong with you?

Are you even listening when I talk to you?  
Do you even care what I'm going through?  
Your eyes stare and they're staring right through me  
You're right there but it's like you never knew me  
Do you even know how much it hurt  
That you gave up on me to be with her?  
Revenge is sweeter than you ever were

I'm so mad at you right now  
I can't even find the words  
And you're on the way down  
And I can't wait to see you burn  
You try to make me hate that girl  
When I should be hating you  
And what the hell's wrong with you?

Nothing can save you now that it's over  
I guess you'll find out when you're no one  
Don't say you're sorry now 'cause I just don't care

Revenge is sweeter than you ever were...
