I'm having the day from hell,
It was all going so well (before you came)
And you told me you needed space,
With a kiss on the side my face (not again)
And not to mention (the tears I've shed)
When I should have kicked your (ass instead)
I need intervention
Attention to stop temptation to scream

Cause baby
Everything is f'd up straight from the heart
Tell me what do you do, when it all falls apart
Gotta pick myself up where do I start
'Cause I can't turn to you when it all falls apart
No...

Gotta pick myself up where do I start
'Cause I can't turn to you when it all falls apart

No
Everything is f'd up straight from the heart
Tell me what do you do, when it all falls apart
Gotta pick myself up where do I start
'Cause I can't turn to you when it all falls apart

Falls apart
Gotta pick myself out cause things are messed up

Everything is f'ed up straight from the heart
Tell me what do you do, when it all falls apart
Gotta pick myself up where do I start
'Cause I can't turn to you when it all...
