She is in my bones
[this] citys all gone dead on me, again
May as well find my way home

No one really knows me
No one ever said
Surely isnt free
Surely...doesnt end, honey

Like a playing song in my head
Drifting on, here I am

Heading for the blue light
Shivered back again
Almost in the blue light
When you shivered back again, old friend

Its coming on, in my head...
(playing on and on)
Something too hard will be ok
The things you do...
Its coming with you...

Here comes the blue light
Here comes the blue light
...still playing on...

6 oclock Im wasted
She is in my bones again
Citys all gone right dead
May as well find my way
