So take your time
I wonder if you're here just to use my mind, don't take
it slow
You know I've got a place to go, you always do that
Something I'm not quite sure of
But just for today
Let go and slide away

I was thinking maybe we could go outside
Let the night sky cool you foolish pride
Don't you feel alive these are your times and our highs

So take your time
I wonder which cup you drink from, I hope it's mine
Because you always do that something
Something I'm not quite sure of
But just for today
Let go and slide away

'Cause I read your mind
I read it because it takes me where I can't find
Because you always do that something
Something I'm not quite sure of
But just for today
Let go and burn away

I was thinking maybe we could go outside
Let the night sky cool your foolish pride
Don't you feel alive these are our times, these are your
highs

Slide away, burn away
Slide away, burn away

I reach your mind
I reach your mind
Because it takes me where I can't find
I reach your mind
I reach your mind

I was thinking maybe we could go outside
Let the night sky cool your foolish pride

Don't you feel alive these are our times and our highs

Maybe ever we could go outside

Let the night sky cool your foolish pride

Open up, you feel alive these are your times and my
highs
