It takes two to make my world go round
Need somebody get my feet off the ground
I'm touching the bullet, thinking this is fun
In need of somebody, get me out of this hole

Whether you do or whether you don't, I don't care babe
I can see the magic in your eyes
You to me ain't no passing phase, babe
Tonight wish I'd walk on in the sky

So if you hear me, are you tuning in
I've got something cooking, can you come in?
Now I am rolling you, I wanna part
But I'm too far gone to start

Whether you do or whether you don't, I don't care babe
I could see the magic in your eyes
You to me ain't no passing phase, babe
Tonight wish I'd walk on in the sky
Through the sky, through the sky

Through the sky
Through the sky
Through the sky

Tonight I'll walk on, on through the sky
I can see the magic in your eyes
I can see the magic in your eyes
I can see the magic in your eyes
I can see the magic in your eyes
