See the water break my hand
No one knows my name
I'm not in demand

Signs are right
The sighs are here
Who needs virtual world
When I can see it now
I can see it now, now, now, now

No one goes, no one cares
No one seen it anywhere

She's breathing into lone dead stars
Have you ever seen it
I ain't seen nothing at all

Come see the water break my fall
No one knows 'cause no one comes
Have you ever seen the book?
The one on my shelf
The one entitled self death, self death
How to earn a million pounds
I can see it now, oh the hearse

She's breathing down in a hole in my head
In the dirty half light where
Time means nothing at all

I'm calling out to some one
Anyone who'll have me
Does anyone need me?
Does anyone know how to cry?

What happens if I go?
What happens if I go?
What happens if I go?
What happens when it snows?

I bet you could if you wanted to end

I bet you could if you wanted to end

I bet you could if you wanted to end
I bet you could if you wanted to end
I bet you could if you wanted to end
