They say that I'm the problem
Just a teenage punk with a bad attitude
Well, I think I'm gonna stab them
War planes are flying at a low altitude

It's a nazi nation
This rehabilitation, can't go any longer
While they are growing stronger
It's a nazi nation
We've lost concentration,
On what we know is right for the world

So, what's your contribution?
Assassination sounds like a good idea
I'm gonna move to England
Liberty and justice is just for some

It's a nazi nation
This rehabilitation, can't go any longer
While they are growing stronger
It's a nazi nation
We've lost concentration,
On what we know is right for the world

Just a teenage punk with a bad attitude
