Ever wonder why we sometimes have to go through
hard times
Even though we've been living the best we know how
But God has a purpose, a plan, I'll just continue to
stand
As long as He's with me, I know I can

And I, I will never give up, I will keep on holding on
I will never let go, I will always stay strong
I will go wherever, I will do whatever
I will say whatever, I will, you just tell me and I will

If anybody knows, I know, there's sometimes we
Must go even when we don't want to go
But what we must understand that it's all in His hands
So when He calls your name, don't say I can't

Just say, I will never give up, I will keep on holding on
I will never let go, I will always stay strong
I will go wherever, I will do whatever
I will say whatever, I will, you just tell me and I will

Now listen here
I made up my mind a long time ago
That whenever the Lord calls me
My answer will be yes

Is there anybody out there
That feels the way I do?
Say yeah

I will never give up, I will keep on holding on
I will never let go, I will always stay strong
I will go wherever, I will do whatever
I will say whatever, I will, you just tell me and I will

I will love you, I will, I will trust you, I will
I will serve you, I will, I will obey you, I will
I will, I will do whatever, I will
I promise, this time, I will, you just tell me and I will
