I wasn't waiting for that
but if i was i couldn't dream anything like that
so in this moment
i'm finally here not everywhere
but if i could be anywhere it would be right here
and it feels so right
i see every little thing in your eyes
and i know that it's real coz
i see every little thing in your eyes
i can feel it
can you feel it to
in this moment
i am just for you
and it's so crazy
you are a song i want to sing
and i can't wait till i know every little bit
