Skip away from a drunken day, & wake me up on  
Sunday.  
Steal away from a drunken night, & wake me up on  
Sunday.  
Thinking back on a hopeless night, & wake me up on  
Sunday.  
I left the pub when we got kicked out, & wake me up on  
Sunday.

Cause when I feel the need to be thrilled I won't ask  
you.  
Or when I feel the need to be thrilled I won't ask you.

I'm not stealing hope from you x2.

I run away from a broken day, & wake me up on  
Sunday.  
Shift is done & I sing this song, & wake me up on a  
Sunday.

Cause when I'm looking for something new I won't ask  
you. x2  
I'm not stealing hope from you. x4

Take a note of the scenic road, girl  
Take a note of the scenic road, girl  
Take a note of the scenic road, girl  
Jump around, to the stolen, to the stolen sun/sound.  
So jump around, to the stolen, to the stolen sun/sound.

I'm not stealing hope from you.  
I'm not stealing hope from you.  
(Wake me up on a Sunday.) x4
