I remember you, I remember you, I remember you

I remember lying awake at night and thinking just of  
you

But things don't last forever and somehow baby  
They never really do They never really do

I remember you I remember You I remember you

I remember lying awake at night and thinking just of  
you

But things don't last forever and somehow baby  
They never really do They never really do

I remember you I remember you I remember you

I remember you I remember you I remember you  
I remember you, you I remember you I remember you

I remember lying awake at night and thinking just of  
you

But things don't last forever and somehow baby  
They never really do They never really do

I remember you I remember you I remember you  
I remember you I remember you I remember you  
I remember you
