Say it's alright  
If you really love me  
It's my life  
And I really wanted you that night  
Was about to break  
If I could just take off my pants  
Time is not to waste  
We couldn't let it slide through our hands

When my heart called  
You answered me  
When I was lonely  
You were there for me

There's no rules in love  
Can't you see?  
No rules in love  
For you and me  
No rules in love

Walking through the streets  
The echo of our footsteps in time  
In between the beats  
Tell me that you'll always be mine

I really want to trust you  
Like I'm ready to?  
I've been waiting so long  
And I never refused

There's no rules in love  
Can't you see?  
No rules in love  
For you and me  
No rules in love

All my life, been living on the same dreams  
Sometimes they seemed so real  
All my love I held deep inside me  
I wanted to feel  
I want to fuckin' feel

Yeah I wonder  
What you're doing tonight  
I can see you laughing at me  
As I closed my eyes

There's no rules in love  
Can't you see?  
No rules in love  
For you and me  
No rules in love (no rules in love)  
No rules in love (no rules in love)  
No rules in love (no rules in love)  
No rules in love (no rules in love)  
No rules in love
