Teen riot structure, ankle deep in fear
Babies lost in bellies and the oracle can't hear
A demon angel demi-god
Blasted through the night
Me and Lucy Lightning holding on real tight

An ancient Lord in wonder rung upon my bell
I fed him with my nightmares
And he ate my dreams as well
All London was in blazes burning to the sound
Of deep galactic tragedies
In stereophonic sound

A tempest teen of stature
In Gatsby hat and cloak
Licked upon my lollipop,
But I didn't get the joke
As devastation mounted
My wardrobes almost burned
The teens held hands on shifting sands
And wonder what they learnt

Structure,
Teen riot structure [x4]

[Fades out]
