Black powder Dark dreaming
Our darling dear is sleeping
Wonder what dreams dance inside her head
Old symbols Spell casting Are the effects long
Lasting
Long enough to hear the words they've said
Strange voices
Rape faces
A man of the cloth steals graces
Away from words he'll never understand
Tonight on this night we'll lay her soul to rest
Come along let's scare Jessica to death
Awaken sweet child as your beddress is defiled
By the hopeless ones who claim they're here to help
They've called us through blood and rust
The nature of the unnatural
To cease the minds of those who pray in lust
Tonight on this night we laid her soul to rest...
Come along let's scare Jessica to death
She's crying
She's hiding
And where she goes we'll find her
We're watching
Been waiting
Ever since she started bleeding
We've wanted
To take her
Deep into the secret chamber
Where the purest blood
Redeems damnable
Souls
Her fear
So addictive
Our energy vindictive
To summon us is not without it's costs
Bloody screams
Set her free Soon she'll be one as we are
An ancient rite that strips the human form
And our servants
Who sought power
Shall have their souls devoured

And Cast into the pit of hope devoid
Tonight
On this night we laid her soul to rest...
Come along let's scare Jessica to death.....
On this night we'll lay her soul to rest....
Come along let's scare Jessica
Innocent sweet Jessica
Let's scare Jessica to death.....
