["The Black Pharaoh Trilogy" Part 3]

In a valley of no sound, buried under desert ground,
Enclosed by night without one star lies the vault of
Nephren-Ka
Where isolation dies alone, an ancient deathless does
throne
Shun by the light of Amun-Ra, that is the vault of
Nephren-Ka

It calls... And calls...

This Nether-Netherworld is crowned by rotten sorcery
abound
Where on old bones the ghouls gnaw
In the vault of Nephren-Ka
And the unsound fingers still grasp a crystal by its will
Bedded on an I'll altar
The remains of Nephren-Ka
