A pure and lovely child  
Sweet beyond deny  
It crept into it's soul one night  
Unseen by human eye

Lucifer - Azazel - Belial - Seth  
The devil has many a name  
Ancient alp - adversary - come forth and reveal  
Thy nature thou must proclaim

Lord of all winds, fever and plague  
Thy will be done - thy will be done  
Bringer of havoc, fiend of old date  
Thy will be done - thy will be done  
By god and the heavens  
Let loose from this soul  
The name of the father  
And lord we extol

Lucifer - Azazel - Belial - Seth  
The devil has many a name  
Ancient alp - adversary - come forth and reveal  
Thy nature thou must proclaim

Lord of all winds, fever and plague  
Thy will be done - thy will be done  
Bringer of havoc, fiend of old date  
Thy will be done - thy will be done  
By god and the heavens  
Let loose from this soul  
The name of the father  
And lord we extol

Lord of all heavens, deliver from hell  
Thy will undone, thy will undone  
To the power of Christ thou must compel  
Thy will undone, thy will undone  
Lord of all winds, fever and plague  
Bringer of havoc, fiend of old date  
Thy will is done...
