The president becomes a pharaoh ON AND ON
The gates to heaven long and narrow ON AND ON
Elusive thoughts of a lead filled brain ON AND ON
The buried light in lowest places
The sinner's sun
The eternal torment of the giver ON AND ON
A monument for those who slither ON AND ON
The chosen few from the gallows hang ON AND ON
The endless wait for ancient races
The unborn king in womb deformed
Mutation of the flesh and mind
As the soul inside writhes on and on
Polluting minds with false teachings ON AND ON
Diluting hearts with vain preaching ON AND ON
We must await that great and terrible day ON AND ON
The buried light in lowest places
The unborn king in womb deformed
Mutation of the flesh and mind
As the soul inside writhes on and on....
