The End Is Coming, Insomniatric Haze
Visions Of Bodies, Psycho-Death Dream
Countless Victims Decorate My Path,
Choke That Girl, I Found Her In The Bath.

I Know One Time My Mind Was Straight
Those Times Are Gone It's Far Too Late
And My Girl Is Fucking My Best Friend,
I'll Slit Their Throats Tonight, That's When Everything
Ends.

The End Is Coming, Death Draped On Me
A Thousand Voices, Who Was I Meant To Be ?
No New Day, No Bright Skies
Plunging Downward, That Gets Me High

Slow Motion Kills And Whiskey Straight
Agony Fiend, I Thrive On Hate
And I'm Never Going To Sleep Again
Until I'm In A Hearse, That's When Everything Ends.

I Hate The Human Race (Not Sorry For How I Feel)
This World Is A Disgrace (Don't Matter Who I Kill)
Humans Are A Mistake, I'm Losing My Fucking Mind.

The End Is Coming
