To go as far, as far as I can see  
At the edge of the earth  
The continuous sound of lights  
That have reached the bottom

In the middle of the desert  
I stared patiently  
To see them touch the ground  
Imploding on the cracked mud surface  
I knelt down underneath the midway  
In the millionth sighting

Lets lay back  
Sitting inside my car  
At the edge of the earth  
I turned my head to the left  
And I knew I could not be drugged  
Orbs with infusion white  
Mirroring the image of a silhouette  
At the edge of the earth

And I'm here tonight  
Underneath the influence  
And why can't I find a way out  
It's calling me tonight  
This secret I have become  
At the edge of the earth

You misunderstood the gravity  
As the weight falls apart  
You'll watch me walk away  
I walk away  
Calm as the wind  
You'll watch me go

Let's lay back  
Sitting inside my car  
At the edge of the earth  
I turned my head to left  
And I knew I could not be drugged  
Orbs with infusion white

Mirroring the image of a silhouette  
At the edge of the earth

And I'm here tonight  
Underneath the influence  
And why can't I find a way out  
It's calling me tonight  
The secret I have become  
At the edge of the earth
