There's poison in the boys in blue  
There's poison in the boys in blue  
Corruption, greed and feud are all I see  
You're in a disarray  
Things used to be a different way  
Whatever happened to the golden age  
It's gone yeah it's gone away  
So don't ever turn your back again  
One false move and we're all dead

Here I am (3x)  
I'm back at the crossroads again  
Lord let me stand let me stand let me stand  
On top of the mountain again  
There's movement in the distance  
These baits are what I hear  
Corruption, greed and feud are all I see  
You're in a disarray  
Things used to be a different way  
Whatever happened to the golden age  
It's gone yeah it's gone away  
So don't ever turn your back again  
One false move and we're all dead

Here I am (3x)  
I'm back at the crossroads again  
Let me stand let me stand let me stand  
On top of the mountain again

There's movement in the distance  
Gunshots are all I hear  
This petty resistance is all I see  
I want to walk away  
Remember better days  
We watch the death of something beautiful  
It's gone yeah it's gone away  
So don't ever turn your back again  
One false move and we're all dead

Chorus

When we find a problem  
We never look back and say  
One chance, one moment  
It's gone so easily

Chorus x2
