I can feel the kisses are fading  
I can sense the act of your fall  
Your taking your time waiting and i'm left at fault  
Can you feel your heart stop beating  
Can you feel there's nothing left to bare  
Your taking your time waiting and i'm starting not to  
care

So darling girl will you turn away  
Just take me now for you I may  
I seek for answers, I speak a lie  
To find the answers between you and I

Hear, me speak  
You know you've crossed the line  
Hear, me breathe

We fall  
We fall, further then before  
And I'm just getting started and your're just getting  
through  
You can take this the hard way you can make it through  
But you left only facing, only facing the truth

So how does it feel to be left alone  
Your screaming now, your all alone  
Your drowning now, you've lost your breath  
And I'm the air that's in your chest
