I never thought it'd end like this  
With one breath and then your voice  
I never thought its would end like this  
With one breath and I can hear your voice

You want me, you touched me  
But you know  
I'm never yours  
You need me, you bleed me  
And for once, for once  
I'm never yours

So take your last breath and say your words  
I'll be the first one to hear, to hear your voice  
So take your last breath and sing me to sleep  
So speak softly from your lips of poetry

You know it didn't end like this  
It could have been a false alarm  
I swear it didn't have to end like this  
I swear that you could have been the one

I never thought it'd end like this  
(like this)  
I never got to say goodbye  
(goodbye)
