

## **The Wake Up Call "You & Eye"**

Visit "[You & Eye](#)" on [MotoLyrics.com](https://MotoLyrics.com)

The distance in between us  
Can never keep us apart  
We're looking at stars  
As we're miles at heart

We'll try to make this place  
A place of our own  
We'll keep it so secret  
They'll never know

So we close our eyes and look to the sky  
This night feels so warm as it's you and I  
And this time, and i'm not letting go  
Your hand in, my hand I'm not letting go

Your lips start to tremble  
You body feels so cold  
I can taste the air around you  
I'll keep you so warm

It looks so pretty out here  
It looks oh so calm  
It looks just like a place  
For us to call home
