Hey!

Take a little
Shake a little
Make a little money
Let it shine brighter feel lighter bonafide to get you
honey.

Something's gonna
Something's gonna
Something's gonna give
With all of the non-stoppin pop-croppin kill it off and I
can live
I think there's somethin' happenin'.
'Cause it feels like the beginning of a season.

Anything you wanna do girl
Do it till you get it through girl
You only have to stay awake
Yeah to protect you when it all breaks down.

Crave it up and save it up and get the one you wanted
Yeah on the ball you spend it all and get the call
because you flaunted it baby
T-tell me what you
Tell me what you
Tell me what you wanna choose baby.
If all our happiness is measured out
Then why are we all singin' the blues

It's a drag to turn it off.
You won't because it kills the buzz.
Something's gonna
Something's gonna
Something's gonna give

Anything you wanna do girl
Do it till you get it through girl
You only have to stay awake
Yeah to protect you when it all breaks down

Hey! (3X)
