Come on there's something in the way you just fold  
your arms.  
Like maybe you can hardly wait to go  
To where you're feeling more at home.  
Come on there's something to be making us feel no  
more  
Rid of all the pain it's there inside the head.  
To free your heart and mind again.

Yeah I gots the flow babe.  
Oh and my mama's ride  
Yeah I gots to go babe come on!

Get up easy  
Because you almost had me  
Get up easy.  
Long and tall like sally.

You gots to come livin' in the middle of your school  
night  
Give enough time in the normal day.  
So don't throw this night away.

Yeah I gots the flow babe.  
Oh and my mama's ride  
Yeah I gots to go babe come on!

Get up easy  
Because you almost had me  
Get up easy.  
Long and tall like sally.
